## ARROW LOGGER™

Combine the Arrow Logger™ with your Brake Safe® visual brake stroke indicator kit to make inspection even easier. You can now instantly inspect your brake adjustment without the need for a second person or a pedal depressor to apply the brake. Simply complete a 90-100 PSI service brake application and the Arrow Logger™ will record the maximum brake stroke travel.

**Part No.** ALK1  
**Stk. Code** 63229  
**Brake Safe Part No.** ALO1

- Highly visible for accurate brake stroke inspection
- Engineered nylon for high impact resistance and durability in severe conditions
- Self cleaning design easily clears debris including ice and mud
- Compatible with all Brake Safe® Kits
