

# DUMMY GLADHAND Heavy Duty Shutoff Gladhand

**TECTRAN'S** new dummy gladhand provides a reliable shutoff when coupled with a service, emergency or universal gladhand. Premium stainless steel cable and robust cast iron gladhand maximize performance and extend product life.

**Part No. 1010HD9**  
**Stk. Code 56055**

Stainless steel mounting eyelet provides maximum corrosion resistance and strength

Factory installed Ferrule Crimps with OEM markings removes liability from self assembled, (hammer method) crimps

UV resistant, clear, nylon coated jacket prevents cable degradation. Offers operator protection from loose wire shards.

Stainless steel cable for superior corrosion resistance

Closed type, poly gladhand seal ensures successful coupling

Durable cast iron body. The ultimate in durability!

Factory installed, durable aluminum bar stock handle ensures proper seal

Engineered crimping process encapsulates jacketed ends within crimp, protecting cable ends and eliminates sharp, flared ends
